## PROFILE

Third-year BSc (Hons) Business Information Systems undergraduate (GPA 3.75 / 4.0) with a SAP S/4HANA certification and a strong foundation in IT and business systems analysis, process mapping, and requirement gathering. Experienced in working with developers, designers, and QA teams across the system development lifecycle, with hands-on exposure to systems configuration, data flow design, and process automation. Familiar with SDLC and Agile, with Python application development and Figma prototyping experience. Finance background (AAT Passed Finalist, CA Business Level II, IBSL Diploma in Banking & Finance) supports work on ERP finance modules. Seeking an ERP or IT role.

## PROJECTS

**Rental Management System (Group)** **2025**
*Business Process & Requirements Analyst | Student Association Information Technology (S@IT), University of Sri Jayewardenepura*

- Gathered and analysed business requirements to design the core modules of a Rental Management System.
- Mapped end-to-end business processes and collaborated with developers to translate requirements into functional system workflows, similar to ERP module design.

**Expense Tracker Application (Group)** **2024**
*Developer*

- Built a Python-based application to track, categorise, and report daily expenses — reinforcing understanding of financial data flows relevant to ERP finance modules.

**UX Research — Gig Economy Delivery Riders (Group)** **2026**
*UX Researcher | Mini UX Project, University of Sri Jayewardenepura*

- Conducted empathize-and-define research with active Uber and PickMe delivery riders to uncover pain points in order-acceptance decisions.
- Synthesised findings into a persona, problem statement, and How Might We statements; carried insights through ideation and a Figma prototype tested with real users.

## PROFESSIONAL QUALIFICATIONS

- AAT – Passed Finalist
- Business Level II Completed – CA Sri Lanka, Corporate Level Reading
- Diploma in Banking & Finance – Institute of Bankers of Sri Lanka (IBSL)

## EDUCATION

**BSc (Honours) in Business Information Systems** **2024 - Present**
*University of Sri Jayewardenepura | GPA: 3.75 / 4.0*

**Advanced Level (Commerce)** **2022**
*Am/D.S. Senanayaka National School | 3 A's*

## EXTRA CURRICULAR ACTIVITIES

**Member — Student Association Information Technology (S@IT)** **Nov 2025 - Present**
*University of Sri Jayewardenepura*

- Played an active role in organising the university-level CSR initiative "Sinasara 2025".
- Coordinated logistics, scheduling, and volunteer participation for the event.
